#### **1.TAXES ON PROPERTY**

Assemement of esidential property through rating zones and non-residential property on the basis of valuation of section 252 of the Urban Council's Act (CHAPTER 29.15)

#### 1.1 Rates

#### 1.1.1 Assessment rates- Residential

1. The assessment of residential property for rating purposes consists of calculating the number within which the property is situated of rating units to be assigned to the property and determine the rating zone 2. Where practicable each rating zone contains residential properties of approximately the same size and value.

| (ii) Each stand shall be entitled to one connection only. Any extra, long connections may be given at cost to the client provided the Director-Harare Water has approved it/them. In that case the client shall be required to pay a deposit of 90% of the estimated cost and commit himself/herself in writing for payment of the remaining balance upon completion of the job. The same method shall also be applied to connections where junctions have not been provided to receive future connections. A further 20% handling and administrative charges shall also be raised. Deposits shall be as follows:  Residential (excluding flats & hostels)  Commercial I (churches, flats, hostels, low/high density shops) | 331<br>496 | 331<br>496 |
